

# Overdose Emergency Kit™

## NALOXONE STORAGE CABINETS

### NON-LOCKING CABINET WITH ALARM

Product Number: EN9418  
Dimensions: 13" x 13" x 4"

Due to the Opioid Overdose epidemic, there is a growing need for availability of the life-saving drug Naloxone, which counteracts the devastating effects of opioid overdose. The bright purple color of Overdose Emergency products easily differentiates them from the red epinephrine and asthma Allergy Emergency products. The locking, wall-mounted model of the Overdose Emergency Kit has all the same innovative features as the Original Allergy Emergency kit, such as a break-glass feature and velcro back panel, but comes with instructions for the use of Naloxone auto-injectors.

*Kits are also available in other languages!*

### LOCKING CABINET W/ BREAKAWAY WINDOW

Product Number: EN9402  
Dimensions: 13" x 13" x 4"  
Replacement Window: EN9346

### Overdose Emergency Kit Zippered Cloth Bag
