

## Economy Grab and Go Naloxone Carrying Case (Vehicle Trunk)

This non-locking mini suitcase style carrying case cleverly stores your emergency doses\* for rapid use along with an actually readable 8.5" x 11" instruction sheet. You can get a case that says "Opioid Overdose Emergency Kit" on it from anyone, but from our company you expect a case that will shave seconds or even minutes off of your effective response time. Don't keep your Narcan in the awkward square box it comes in; keep it "right there" where you can grab it fast!

This "grab and go" case for Naloxone is a favorite of police, fire and ambulance first-responders, but it is also very handy for buildings. Keep Naloxone visible so when it's needed it is readily available. Doses are removed from Narcan box and placed for quick access using Velcro® Coins. Holds up to 8 loose doses.

*\*No Medication Included - We Sell Empty Cases/Cabinets and You Obtain Your Own Medication*

**PRODUCT FEATURES:**

- Easy Grab and Go Design
- Durable high-quality plastic case
