

EN9370

32-Unit Allergy Emergency Storage Panel Wall Unit

If you love the Original Allergy Emergency Kit™ concept - this is a more affordable alternative if you do not need a locking cabinet. The combination of our Velcro® backing and photo labeling system is an awesome way to store auto-injectors* so that they are organized and self-containing of important student information.

**No Medication Included - We Sell Empty Cases/Cabinets and You Obtain Your Own Medication*

PRODUCT FEATURES:

- Velcro® backing allows you to store 32+ auto-injectors using included perfectly-sized poly bags with Velcro® attachment
- A Microsoft Word template is provided for printing labels for each auto-injector including a photograph, allergy detail, expiration date, etc.
- Optional kit comes with signage and an evacuation tote bag that perfectly fits the unit
- An optional "field trip bag" is also available
